

Enabling Net Zero: a new Graduate School at KIT

What is it all about?!

December 8th, 2021 / 4pm-5:30pm

ENZo, the new Graduate School under the umbrella of the KIT Energy Center, is getting started!

We cordially invite all supervisors, doctoral researchers and master students of all faculties, who conduct energy research and who are keen on enabling a sustainable future energy system to attend this information event. Seize the opportunity to learn first-hand about the research topics, the qualification concept and how to become an active member of ENZo. Afterwards, Alumni will share their insights into professional careers in energy engineering.

We are looking forward to seeing you!
